### **QUEENSIE GENERAL MEMBER MEETING**

On Sunday 24 November the club held another general meeting to allow all in the club to discuss our objectives and plans for the current season. President Kevin Harris welcomed members and talked about member retention and the status of building works at the club.

Barry Antella talked about plans to support lifesaving as the cornerstone of our club, and Nipper activities, including the great work done by more and more Nipper parents in gaining their bronze medallions, were addressed by Kiersten Jones.

In talking about the competition side of the club, Dave Slenett mentioned how excited we all are that Chris Allum has now committed to compete for Queensciff (as well as coach us), and the success of the "whole-of-club" training sessions this year in building the "one-club" spirit. It was also announced that this season's senior and masters club championships will be held on Sunday 23 February.

Finally Craig Susans talked about the club's social and business plans for the year - including our "Boardies and Burgers" night coming up on Friday 13 December, and the Christmas party to start at 4pm on Sunday 22 December following the christening of our the club's new surfboat at 3pm.

A full summary of the general meeting is included on our website.
