NIPPER BEACH CARNIVAL

What a fantastic day the Nipper Beach Carnival was.

Thank you to everyone for your help and support, without you it would not have happened.

Nearly 400 entries for the first Nipper Beach Carnival without u/8's is awesome. It will only get bigger and better. We now have a really good product to build on. I would love to get some sponsors on board so if anyone can assist please let me know.

There has only been positive responses from everywhere and hopefully the officials will use some of the ideas used yesterday for normal carnivals.

Thanks again,
Michael Gedz

As outlined in the Circular, the Lifesaving Exchange Program targets members who are currently Patrol Captains or identified to be future Patrol Captains between the ages of 18 and 30 years. The program provides participants with an exciting opportunity to experience different patrolling methods and environments in a fun, practical and interactive setting. The Lifesaving Exchange Program consists of two programs run concurrently on the Australia Day Long Weekend in January. The program is offered at no cost to the participant, with Surf Life Saving New South Wales covering the travel, accommodation and meal costs.

Applicants can apply for the program by completing the online application found here; <https://www.surveymonkey.com/s/LifesavingExchangeApplication2014-2015>

Applications will be assessed on their eligibility before being collated and forwarded to their respective branch for prioritisation based on their application answers and current involvement in Surf Life Saving. Each branch is allocated two spots on the program, however depending on nominations, more allocations may be provided to a branch.

Applications close on Monday 17 November 2014.

YOUTH OPPORTUNITY MAKERS WORKSHOP

Surf Life Saving Sydney Northern Beaches invites nominations for the 2014/15 Youth Opportunity Makers Workshop. The workshop is geared towards creating greater awareness of opportunities and individual abilities in 15-17 year old members.

Clubs are encouraged to use this workshop as a method of recognising members who

have the potential to develop skills further by working with like-minded youth.

The workshop will be sponsored by Surf Life Saving New South Wales, and held from the 7-10 April 2015 at the Sydney Academy of Sport Recreation Centre in Narrabeen on Sydney's Northern Beaches.

The workshop is aimed at members whose clubs and branches believe they have qualities that can be developed to enhance the future of the club and branch. Aims of the workshop include:

- To create situations that promote fun learning experiences
- To create an awareness of current issues, pathways and opportunities
- To promote teamwork, communication skills and goal setting
- To develop confidence and self-esteem in a supportive environment whilst positively recognising members
- Provide opportunities for ideas to be exchanged

Now is the time to start tapping your young people on the shoulder and encourage them to be a part of these opportunities!

Applications are due on Wednesday 28th January 2015 to kristen@surflifesaving.net.au

Help Wanted

Wife of deceased Life Member George Somerville, Joan Somerville has spent a lifetime on Queenscliff Beach including an unsurpassed dedication to our friend at the Queenscliff Ladies amateur Swimming Club QLASC.

Joan is quite upset about her inability to walk across the sand to the Queenscliff Pool on Saturday mornings. Last season her daughter was able to borrow a wheel chair with big wheels from Manly Surf Club and transport it to Queenscliff each Saturday for her to use. Now she has sold the van and does not have a suitable car to transport the chair from Manly. Joan is very upset that she will have to give up going to the QLASC on Saturdays.

Can anyone help with this by say one weekend in four picking up the big wheel wheelchair form Manly Lifeguards on a Saturday morning and transporting it back after the Swimming Club at about 1pm.

If so please give Joan a ring on 02 9948 7130
